

More Of You

More of you in my life I pray

Lord keep my longing for more day after day

Keep me in a place where I'm never satisfied

And to my fleshly desires let me have died

Lord I long after you, I want so much more

I want to be in that place where Heaven does pour

More of your fire God, joy, love and peace

I'm so grateful Father, your blessings don't cease

I'm so overwhelmed Lord just thinking of you

And how you accept me with a love so true

Lord keep me uncomfortable always wanting more

Never let me miss an opportunity or an open door

Fill me with your fire, Oh Lord let it roar

Thank you Holy Spirit that through you I soar
